NOTES

1. For the full Wychwood Cup Rules, please refer to Wychwood Cup at www.aimhcnz.org.nz.
2. Handler's must be a member of the club that they represent at the time of the show
3. Horses are nominated prior to each show when entries are submitted so we know who to collect points from. If an affiliated club has not put in its team nomination form by the close of entries, it will be deemed that the club has not entered a team for the show.
4. If a nominated horse is unable to attend the show at the last minute, providing the show manager is notified at least one hour prior to the start of the performance classes and is satisfied that the situation was unavoidable and genuine; another horse that meets all of the eligibility criteria in these rules may be substituted. A note to this effect must be included with the show results so we know to count the points for this horse.
5. If a horse attends the show and is unable to compete due to lameness or other illness, providing this is verified by the show manager at least one hour prior to the start of the performance classes a substitution may be made for a horse that meets all of the eligibility criteria stated in these rules. A note to this effect must be included with the show results so we know which horse's points to count. Once a horse has commenced the competition on the day, no substitution can be made.
6. If a substitution of a horse also includes the substitution of a handler, the handler must also meet all eligibility requirements
7. All substitutions will be investigated by the competition manager to ensure the horse or handler substituted meets all eligibility requirements.
8. In the event that it is discovered that any horse or handler entered into the competition did not meet eligibility requirements, then the points for that show will be forfeit.
